

## **New York State YMCA Youth & Government 2018 – 2019 OFFICER NOMINATION**

I declare my candidacy for the position of:

### **Editor-in-Chief**

**Name:** Jordan Robertson

**Year in school:** 10      **Number of years in Y&G:** 3

### **Previous Youth and Government experience and/or other qualifications:**

After being in the TR program for one year in eighth grade, I had decided to join the Press Corps as a freshman. Being involved in Writer's Club at my school has been very helpful for me when I first joined the Press Corps.

### **How do you plan to create structure, yet encourage creativity for the delegates within the Press Corps?**

I plan on creating structure by making sure that the Press Corps gets their work done, and that it's done well. Articles will be written about current events, so our club remains educated on important societal issues. I will encourage creativity by making the delegates think outside the box. Try my hardest to motivate the press corps to involve in their article something that will catch the eyes of the other delegates.

### **Define servant leadership and describe how you plan to incorporate this if elected into office:**

Servant leadership is putting the needs of others first, so that they can get amazing things done and perform with the best effort that they possibly can. A servant leader is someone that is there leading for the people. I plan to incorporate this into this if i'm elected by making sure that each individual delegate is happy, see if they're caught up with their article, and also prideful of their work as well. I want them to be as prideful in their work as I would be. Make sure that the delegates aren't afraid to ask me any questions they may have. So that when it's time for State conference I want those delegates being there with so much pride in their work, and just making sure that they are having the best experience that they possibly can.
