

# INVESTING IN OUR CAUSE. STRENGTHENING OUR COMMUNITIES.

Each year, the Y provides New Yorkers with \$80 million in free or subsidized programs and services, delivered by over 30,000 dedicated employees and another 50,000 volunteers from across New York State. Investing in the YMCA is not just an investment in a charitable nonprofit but it is also an investment in the communities and families we serve.

The Y is an established part of the nonprofit community in New York State, through partnerships with other charitable organizations, we are able to make the greatest impact and carry out our mission of strengthening communities and families statewide. Overall, New York State nonprofits generate \$179 billion in revenue and \$288 billion in assets annually.
